Attn: Facility Security Representatives/Safety Environmental Managers

SECTOR DELAWARE BAY'S 2006 FACILITY INDUSTRY DAY

On February 28, 2006 and March 1, 2006, Sector Delaware Bay will be hosting industry training for Facility Security Officers and Safety/Environmental Managers. It will cover security, safety and environmental regulations/mandates. Our goal is to tailor the information to the specific needs of the Port so we can take a more proactive approach to enforcement. We would like to solicit feedback on what specific areas you would like us to cover. Our agenda will cover all of the regulations we enforce, but if there are any areas that you would like to have addressed more in depth, please let us know via the email address below. The more feedback we receive, the better training we can provide. We look forward to hearing from you and seeing you on industry day. Thank you in advance for your cooperation.

If you have any questions concerning this program, please contact me at (215) 778-4076 or email at anthony.j.matulonis@uscg.mil

Sincerely,

A.J. Matulonis
