## MARINE SAFETY INFORMATION BULLETIN

[MSIB # 26-10]

November 10, 2010

### Update to Marcus Hook Range Dredging Operations

The Dredge PULLEN has completed operations within the Marcus Hook Range. The U.S. Coast Guard has cleared the safety zone within Marcus Hook Range in the Delaware River on November 10, 2010.

Vessels desiring to anchor within the Marcus Hook Anchorage must continue to obtain permission from the Captain of the Port at least 24 hours in advance, at (215) 271-4807. The COTP will permit one vessel at a time in Marcus Hook Anchorage on a "first-come, first-serve" basis. Vessels will not be permitted to occupy the anchorage beyond 24 hours. Vessels are encouraged to use Mantua Creek Anchorage (Anchorage #9) and Deepwater Point Anchorage (Anchorage #6) as alternatives until all submerged dredge piping has been removed from the anchorage.

R.T. GATLIN  
Captain, U.S. Coast Guard  
Alternate Captain of the Port, Delaware Bay
