19 CFR Part 123

[CBP Dec. 07-25]

Advance Electronic Presentation of Cargo Information for Truck
Carriers Required To Be Transmitted Through ACE Truck Manifest at Ports
in the States of Idaho and Montana

AGENCY: Customs and Border Protection, Department of Homeland Security.
ACTION: Final rule.

SUMMARY: Pursuant to section 343(a) of the Trade Act of 2002 and
implementing regulations, truck carriers and other eligible parties are
required to transmit advance electronic truck cargo information to U.S.
Customs and Border Protection (CBP) through a CBP-approved electronic
data interchange. In a previous document, CBP designated the Automated
Commercial Environment (ACE) Truck Manifest System as the approved
interchange and announced that the requirement that advance electronic
cargo information be transmitted through ACE would be phased in by
groups of ports of entry. This document announces that at all land
border ports in Idaho and Montana truck carriers will be required to
file electronic manifests through the ACE Truck Manifest System.

DATES: Trucks entering the United States through land border ports of
entry in the states of Idaho and Montana will be required to transmit
the advance information through the ACE Truck Manifest system effective
August 6, 2007.
