

Steam Engineers Wanted for Steamboat SPLASH

SPLASH – an Educational Non-Profit sailing on the Delaware River

Engineer showing a steam piston

Engineer explaining the water cycle

Steamboat SPLASH, an educational 501(c)(3) non-profit, offers fun, educational sails on the Delaware River in Lambertville, NJ. Trips are chartered during the work week; evenings, and during weekends. Sailing season: May through September. \$100 paid per trip. Tasks include:

- Operate the boiler and engines during 1.5 hour trips. Training provided by Chief Engineer.
- Engineers, captains, mates participate in Random Drug Testing Program

- **Are you already a Merchant Marine licensed steam engineer?** OR
- **Do you have a steam plant operator's license** (minimum white seal rating)? SPLASH will assist you in obtaining your Coast Guard steam engineer license. Contact us:
