

Full time Maritime On-Line Account Manager

Maritime trade association seeks individual to monitor and update vessel/cargo tracking systems, answer user questions on data and computer access, generate/distribute reports/schedules/alert notices, and operate VHF radio. The individual serves as the primary customer support representative for the maritime community seeking information on port operations. In addition, testing of proprietary software applications is required. Computer experience (including MS Access) and excellent communication skills are a must. This is a full-time salaried position (M-F), however, the applicant must be available to work all shifts including days, nights, weekends, holidays, and cover call-outs as needed. Send resume and sal reqs to: jobs@maritimedelriv.com
